SCOTTOWN FIELD.

Special to the Leader.

Scottown, O., July 24.—Shay & McMullen are drilling their No. 1 Fleming heirs.

GRACEY FIELD.

Special to the Leader.

Payne, O., July 24.—The Boston Oil Co.'s No. 12 D. Berents is completed and dry in the Cow Run sand.

Record & Snakard's No. 2. C. Lowers is it the top of the sand and showing for oil and has been shut down.

MARIETTA FIELD.

Special to the Leader.

Marietta, O., July 24.—W. C. Patterson & Co.'s No. 7 C. M. Uhl is in the sand and flowing through the casing. It is showing for a good well.

Gibson & Co. have the rig up for No. 2 J. T. Johnson.

The Five Bros. Oil Co. is commencing to drill its No. 5 C. D. Uhl.

MACKSBURG FIELD.

Special to the Leader.

Macksburg, O., July 24.—J. H. Mosley started spudding No. 9.

Clymer & Co. have the rig up for No. 1 B. F. Atkinson.

LOWELL FIELD.

Special to the Leader.

Lowell, O., July 24.—The Cleveland and Marietta Oil Co.'s No. 1 on the Kahl farm, Bear Creek, was drilled in today and is showing for about 50 barrels. Three or four locations will be made on the strength of this well.

WOLF CREEK FIELD.

Special to the Leader.

Wolf Creek, O., July 24.—C. S. Cameron's Nos. 3 and 4 R. A. Leasure made 160 barrels in the last 24 hours.

G. C. Best Jr.'s No. 4 made 90 barrels in the last 24 hours.

F. M. Selby & Co.'s No. 1 D. W. Murdock is dry.

A special in our Elba report of Tuesday read: "T. F. Davis' No. 6 Mary Schilling is spudding. It should have read: 'T. F. Davis' No. 1 Davis is spudding."

IMPORTANT STRIKE.

Special to the Leader.

Sistersville, W. Va., July 24.—One of the most important strikes in this vicinity for years was the well drilled in by Templeton & McKeel on the C. Engle farm, about one mile north of Middlebourne. The well is on top of the sand and shut in but made several flows when the pay was first reached and the indications are that it will not be less than 40 barrels a day and when it has been drilled in it will be good for probably 100 barrels. The well is located in what is practically new territory, and is of considerable importance as it will probably open up a new pool. There is nothing within more than a

mile of the well. On the east a gas well good for about four million cubic feet a day was drilled in some time ago, and to the west about a mile there is on oil well good for about 15 barrels daily. There is an area of quite a number of miles which looks like good stuff and there was a great scramble for leases, fully two hundred people went out from here. The well coming in in new territory on top of the rising market, makes things look good. There will be a lot of new work started out there in a few days.

A MONSTER WELL.

By Associated Press.

Lima, O., July 24.—A monster oil well was drilled in on the Tappscott farm, near here, today. It will make several thousand barrels the first 24 hours.

Selby & Co. completed a dry hole on the Murdock farm Tuesday night. The hole is in the Browns Mills field.

Weather Forecast.

By Associated Press.

Ohio—Partly cloudy Thursday, probably local thunderstorms in northern portion. Friday partly cloudy, light to fresh southerly winds on the lake.

West Virginia—Fair Thursday and Friday, variable winds.

### Mrs. McKinley Sues.

By Associated Press.

Ely, Nevada, July 24.—Suit was begun in the United States Court at Carson, by Mrs. Ida McKinley, wife of the President, and Mrs. Mary B. Barber, against John Steele Wildam Hayes and others to recover possession of the Eljah mine, one of the patented claims of the Canton Mining Company on which the defendants are operating; also for \$10,000 damages for ore taken out and shipped by the defendants during the period of the occupancy of the mine. Steele is owner of the Macon City mine adjoining Eljah and denies he extracted ore from the patented claims. Mrs. McKinley inherited from her father large interests in the mines of the Canton Mining Company.

### Negroes Imported.

By Associated Press.

Springfield, Ill., July 24.—Governor Yates was asked by telegraph today to stop the threatened importation of 200 Birmingham, Ala. negroes into the state by the Latrobe Foundry Co., of Melrose Park, near Chicago. Governor Yates could see no way under the law to interfere and suggested that the sheriff be called upon.

By Associated Press.

Carbondale, Ill., July 24.—A party of 295 negroes, with several women, from Birmingham, Ala., passed through here this afternoon for Chicago. They were accompanied by eight white men, presumably guards. The negroes said they were hired with the understanding that there was no strike and were indignant when informed that trouble would probably occur when they arrived at Chicago tomorrow.

### Elks' Parade.

By Associated Press.

Milwaukee, July 24.—The Grand Rapids, Mich., Elks captured the first prize in the big Elks' parade this afternoon. The Toledo "Cherry Pickers" were second and the Chicago contingent got third money. The Greenville, Miss., lodge was given the prize for the most unique display in the pageant. The parade was the most beautiful and successful of its kind ever seen in Milwaukee. Fully 5000 Elks took part.

### Trouble Threatened.

By Associated Press.

Earlington, Ky., July 24.—An order has been issued by the local courts instructing the sheriff of Hopkins county to appoint a large force of deputies for the protection of the mines and non union miners here. The order was issued upon affidavits of the mine owners and local officials, who say that trouble is threatened. The United Mine Workers will give a barbecue Saturday which will be attended by many outsiders and this, the authorities fear, will culminate in trouble.

### A Mysterious Shot.

By Associated Press.

Newport, July 24.—The screaming shell that proved to have come from the United States battleship Kearsarge, and its explosion into fragments that broke a small piece of stone out of the new city hall building on Broadway and cut a limb from a tree nearby, caused some excitement in Newport this afternoon. Two officers soon came ashore from the Kearsarge and announced that the shell was a one pounder from the Kearsarge. They returned, not making any explanation. How the shot happened to be fired from the Kearsarge has not been explained. The ship has been engaged in target practice at sea.

### Both Claim the Election.

By Associated Press.

Memphis, Tenn., July 24.—That armed partisans of J. A. Lovewell and J. O. Rhodes, claiming to be the legal sheriff and Circuit clerk of Mississippi county, Arkansas, were threatening to take possession of the court house at Osceola, which was held by the armed followers of Sam Bowen and C. S. Driver, also claiming to be sheriff and Circuit clerk, respectively, was the report that reached here today. Up to a late hour tonight nothing has been received from Osceola except a brief message from a correspondent which said that the reports of trouble had been greatly exaggerated and that the town was quiet at 8 p. m.

### Detroit Celebrates.

By Associated Press.

Detroit, July 24.—Detroit today began a three days' celebration of the landing of the French explorer Cadillac at this point 200 years ago. The spectacular feature of the day was the reception of the arrival in Detroit of M. Cadillac and his followers at the foot of Bates street. Dr. Daniel LaFerte, a local Frenchman, impersonated the explorer and was surrounded by soldiers, voyagers and city officials.

## MOVES WERE MADE

### By Steel Company Officials to Break the Strike.

By Associated Press.

Pittsburg, Pa., July 24.—Two moves were made by the aggressive officials of the American Sheet Steel Company today toward breaking the strike.

One was the shipping of some non-union men employed in the Vandergrift mills of the company at Wellsville to assist in the starting of plants there. It was stated that the men were to be shipped to Wellsville this evening. Suppressed excitement is prevailing at Wellsville, which at any moment may break out into a serious condition. The impression is strong tonight that the general officers of the United States Steel Corporation have determined on an early breaking of the strike and ultimately forcing the operation of all the idle plants.

Two leading officials of the Amalgamated Association were absent during the greater part of the day. It is stated that President Shaffer and Secretary Williams were away on personal business. The conference Tuesday night which kept President Shaffer and Secretary Williams until early this morning remains as mysterious as before.

Neither of these officials would give out any idea of what had taken place aside from stating positively that they had not met any of the officials of the U. S. Steel Corporation. Whatever the object of the meeting, it is believed to have continued today and much of importance is expected to be developed from the conference. Those best acquainted with feelings of the manufacturers say that there is little cause for the belief that they will endeavor to secure injunctions against the Amalgamated Association at this time.

SHAFER WAS DISGUISED.

By Associated Press.

Pittsburg, July 24.—The explanation of the absence of President Shaffer and Secretary Williams from the Amalgamated Association headquarters today was given in the following from Wellsville tonight: "Disguised as a decrepit half blind, ragged tramp, President Shaffer slipped into Wellsville this afternoon and remained here an hour in conference with Vice President Chappell and other officials and boarded the evening train at East Liverpool and returned to Pittsburg. On the same train with Shaffer from Pittsburg came nine non-union men from Apollo and Duncansville, five of whom evaded the strikers' committee and went to work in the mill here, while the other four were held up by 100 strikers and agreed not to go to work in the mill and returned to Pittsburg. President Shaffer would not state the object of his visit to Wellsville. It was intimated that he was here to outline the policy of the strikers in view of threatened injunction proceedings."

## PERSONNEL

### Of Schley Court of Inquiry Will be Made Known Today.

By Associated Press.

Washington, D. C., July 24.—Secretary Long this evening said that the personnel of the court would be made known tomorrow, at which time also the precept concerning the court would probably be issued. There is much speculation as to the members of the court, other than Admiral Dewey. The Secretary himself says there is no warrant for the announcement of any particular name, as he still has the question under advisement.

SCHLEY'S REQUEST.

By Associated Press.

Washington, D. C., July 24.—Secretary Long has received a letter from Admiral Schley, asking for a court of inquiry into his conduct during the Spanish war.

Admiral Schley asks in view of the statements and abusive language in Macley's history that a court of inquiry shall be held.

The secretary has replied heartily approving Admiral Schley's course and saying that the department will act favorably on the request. Admiral Dewey will undoubtedly be the head of the court.

## INSANE MAN

### Shoots Six Persons in an Office at Leavenworth.

#### One of the Parties was a Witness Whose Testimony Once Sent the Man to an Asylum.

By Associated Press.

Leavenworth, Kas., July 24.—Michael Kelly, an insane man, today, at the office of the Robt. Garrett Lumber Co., in the business district, shot six people, killing one and probably fatally wounding another and seriously wounding four others. He was himself finally killed by officers who tried to overpower him.

The victims are: John R. Garrett, aged 40, junior member of the firm, died at the hospital; Michael Kelly, aged 50, died after being taken to the police station; Dr. Chas. McGee, aged 50, probably wounded; Police Sergeant Wm. Dodge, wounds serious, Michael McDonald, detective, slightly wounded; Jas. Falthager, policeman, slightly wounded; Ike Healer, laborer, slightly wounded.

Kelly was at different times engaged in minor enterprises. He was eccentric and during the presidential campaign in 1896 lost his mind entirely. At that time he was arrested for creating a disturbance and later threatened to kill Garrett. He was adjudged insane, Garrett and four others testifying against him.

After a year in the asylum Kelly was released. He had been acting queerly again and had declared that he would kill the five men who sent him to the asylum. Daily for two weeks past he had been practicing shooting with a revolver. Last night he drank heavily.

Today shortly after 12 o'clock he appeared at Garrett's office and without warning shot Garrett as he sat at his desk. Garrett fell and Kelly shot him four more times.

Kelly then ran to the rear of the company's lumber yard and began reloading his revolver. Presently he returned and found Dr. McGee bending over Garrett. Kelly from outside the window shot Dr. McGee in the back and he fell over Garrett.

Then followed a terrific street fight between the mad man and the policemen. Kelly dashed through the lumber yard and met Ike Healer, a laborer, and shot him in the hand. A few yards further on he encountered Police Sergeant Dodge. The two exchanged shots as they ran. One bullet from Kelly's revolver struck Dodge in the neck, but not before the policeman had shot Kelly in the shoulder. Kelly kept on running and was soon confronted by Detective McDonald and Officer Falthager. McDonald dropped Kelly with a bullet in the neck. Dodge caught up with the murdered and crushed his skull with the weapon.

Kelly sank and was carried to the station, where he died soon after his arrival.

Garrett died an hour after being taken to the hospital. Dr. McGee it is believed, cannot recover. Dodge's wound is not considered fatal and the wounds of the others are slight.

## EVIDENCE

### Is all in and the Arguments Begin Today.

By Associated Press.

Parkersburg, W. Va., July 24.—The evidence on both sides of the Glenn case is in and arguments begin tomorrow. Deputy Sheriff Sam Echels today declared that the much discussed scar was on the prisoner's head, as he had seen it several times. The court refused to allow an examination of Glenn's head in overruling the motion of the state's attorney. The defense subpoenaed Judge Stapleton, who was sitting in the case, as a witness in the character of Dr. Howard, a former neighbor of the accused. He will go on the stand tomorrow, after which the arguments will begin.

JAKE DENIES IT.

Jake Dye, Marshal of Marietta, stated that he did not know of any man by the name of E. L. Fairbanks who testified here yesterday. Dye never borrowed a quarter from him nor did he ever borrow a quarter from any living man, although he had loaned many a quarter. Caldwell asked him if he had any more to lend, said if he had he wanted to see him after court adjourned.

## CONVINCED

### That the Constitution is the Faster Yacht.

By Associated Press.

New London, July 24.—In a fine southwest breeze over the thirty-nine mile course the Constitution again showed what a superb racing craft she is in light weather and smooth water. She beat the Columbia today eight minutes and 33 seconds, fairly and squarely. There were no flukes, the wind holding true and steady.

Yachtsmen are now convinced that the Constitution is faster than the Columbia on every point of sailing in light weather, but in a heavy blow and a rough sea many believe that the Columbia will prove the speedier.

## Y. M. C. A.

### Athletic League Events Decided at Buffalo.

By Associated Press.

Buffalo, N. Y., July 24.—The championship events of the international meet of the Athletic League of the Y. M. C. A. of North America were decided in the Pan-American exposition grounds today under favorable conditions.

The Chicago Central team leads with a total of 58 for the two days. Buffalo is second, having scored 55. The other teams scored as follows: New York, West Side, 23; Hartford, 17; Rochester, 17; Albany, 13; Cincinnati, 9; Wilmersburg, Pa., 8; Lorain, O., 8; Chicago, West Side, 7; Syracuse, 5; Washington, 4; Buffalo, German, 3; Toronto, West Side, 1; Erie, Pa., 1.

## BROOKLYN

### Bridge Cables Pulled out of Sockets.

By Associated Press.

New York, July 24.—At about 6:20 this evening a number of the vertical supporting cables of the Brooklyn bridge, pulled out of their sockets and are now dangling in the air. The accident happened at the north side of the New York end of the bridge and this end sagged six inches. This completely stopped all traffic over the structure, but after a temporary delay pedestrians and wagons were allowed to proceed.

The vertical cables which were pulled out were imbedded in the great cables upon which the bridge is hung. What caused the pulling out of the vertical cables is not known.

### To Discharge Macley.

By Associated Press.

Washington, D. C., July 24.—Representative Mudd, of Maryland, today requested Secretary Long of the navy department, to discharge Edwin Macley, the author who attacked Schley. Macley is a clerk in the Brooklyn navy yard.
